**THE
FUTURE
IS YOUTH**

This program, sponsored by the City of West Jordan and the West Jordan City Council, will focus on providing high school students within the City opportunities to become civically engaged within their community while learning leadership skills. We hope this program will inspire future generations to become elected officials or volunteers in their future places of residence.

The Youth Council program will be comprised of up to 20 high school students, grades 9-12 who are residents of the City. Applications for the program are typically released in the late spring to all area high schools. Applications will be reviewed before the end of the school year, and final selection will be made by the Youth Council Program Advisors. Youth Council Member terms run from June through the following May. The Youth Council will be a student led program that formally meets once a month and is funded by the annual City budget. The Youth Council will participate in scheduled service projects and government learning activities throughout the year.

In the summer leading up to the respective school year, the Youth Council will elect their own youth leadership team. This will consist of a chair, vice-chair, and two recorders. The youth council members will also be able to volunteer to be on various subcommittees.

The Youth Council will be supervised by Youth Council Program Advisors. The Program Advisors approve the activities and events of the Youth Council, participate in Youth Council service events, government learning activities, and attend the monthly meetings.

The Program Advisors group will include a volunteer advisor and a member of West Jordan City Council Staff. All advisors will undergo annual training as required by the City of West Jordan. Other members of the West Jordan City Council may also attend activities from time to time.
